Letter of Recommendation:

Dear Mr. Sweers etc.,

This letter is to thank you and your team for the years of service during our time here on the META job site. The drivers are always very polite and professional. When the buses are maneuvering throughout the parking lots, among other areas, the drivers can be seen looking around, watching out for the safety of those around them. They also maintain the buses' cleanliness, which is greatly appreciated.

The wait time for anyone needing to board the shuttles is minimal. The efficiency of your drivers and operation keep the workers on-site punctual. We would recommend Luxxor Campus Shuttles to anyone who needs professional transportation. We look forward to the next big project where Luxxor Campus Shuttles can be utilized again.

Sincerely,

A handwritten signature in cursive script that reads 'Brian Sparks'.
